

Firefighter/EMS Disability Awareness Train the Trainer February 27 & 28, 2019

Florissant Valley Fire Protection District, Florissant, MO

The Niagara University First Responder Disability Awareness Training (NU FRDAT) program is pleased to announce a Firefighter/EMS Disability Awareness Train the Trainer session in Florissant, Missouri.

If you are an emergency responder who has an interest in educating your peers on how to properly respond to individuals with disabilities, we invite you to register for the upcoming training session.

Developed with input from emergency responders from across Missouri, FRDAT both sensitizes and educates emergency responders on how to effectively identify, address, and respond to various disabilities they will encounter in their line of duty.

This program is developed strictly for firefighters and EMS personnel with the **intent to TRAIN other firefighters and EMS** in our disability awareness curriculum. This is NOT a training session for those who do not intend to train their peers. Once trained, you will have the responsibility of conducting the training and reporting your sessions to our office. **You will receive EMS credit hours for attending.**

This is a **FREE** training. All attendees must pre-register online and be approved by the Project Director in order to attend. We hope you consider participating in this crucial training and help us disseminate this curriculum.
